

Item Title: Resolution In Support of Voter Participation in the May 8, 2012 Amendment to the North Carolina Constitution Protecting Marriage

Specific Action Requested:

That the Board of Commissioners considers adoption of the attached Resolution.

Item Summary:

Chairman Paul Coble requested this item come before the Wake County Board of Commissioners for consideration.

The North Carolina General Assembly voted to place an amendment to the North Carolina Constitution before the voters on May 8, 2012. The amendment recognizes that marriage between one man and one woman is the only domestic legal union recognized in this State. The amendment will ensure that judges will adjudicate based on the law and not on activism, and keep the judiciary from redefining marriage inconsistent with the North Carolina Statutes.
